GENERAL INFORMATION ABOUT EXAMINATIONS 2019

Exams will be scheduled for the month of March.

The working-toward and entering for examinations offers our students the unique educational experience to strive for more than normal class work. Students will work to polish and present a syllabus of steps and combinations to the very best of their ability.

Miss Sandi Baca will examine all students. Miss Sandi, our former executive director and founder of the British Dancing Academy, is an examiner for the Imperial Society of Teachers of Dancing in Ballet, Modern and Tap. Now retired from the BDA, she continues to train and exam students worldwide.

The marking system is with results graded from Pass to Honours. Students will receive a report card with their scores and a short critique, a certificate and a medal signifying their achievement. The examination program boosts the standard of work and the students learn to make a commitment to strive for a goal and to achieve that goal. Students must fully understand that entering for exams will require additional practice and commitment on their part. As teachers, we can offer all the help necessary, but ultimately the responsibility for the work lies with the student.

In order to participate in exams, the following levels must attend all coaching sessions starting in January:

Ballet students in: Primary, Standard 1, Grade 1, Standard 2, and Grade 2.

Modern and Tap students of all exam levels: Please check your coaching schedule.

It is most helpful if parents can attend classes for our younger students to observe the work. At the younger levels, it helps greatly if parents monitor practice sessions and keep the student excited about the goal. For home practice, a copy of the syllabus and music will be provided to each student. The children who most enjoy the experience are those whose parents are involved and excited too. If you feel that the exams will require too much time and expense, it would be better to wait until next session.

Note: At the grade level: students who do not take exams will be expected to work to the same standard as exam students and will be promoted to the next level if their work is up to the standard of the class. However, major students must successfully pass each exam level before being promoted. The work at the major level is incredibly challenging, it may take more time to prepare for the exam. Your child's teacher will make the decision on an individual basis whether he or she is ready.

*Please note ~ During Exams there may be changes made to your child's normal class schedule. A note will be sent home to keep you updated.
