The British Dancing Academy presents: a workshop with Ikolo Griffin, working on every dancer's favorite...TURNS!

Just Turns Workshop reaches ballet students young and old, from intermediate through professional levels. Anyone who has ever wanted to find their own personalized method to consistent and beautiful turns is a potential student for Just Turns Workshop. Making classical ballet turns and pirouettes easy to understand, to take away the mystery and to have fun with them for all levels of experience.

Ikolo Griffin was born and raised in San Francisco, California. He received his first ballet training as a scholarship student with San Francisco Ballet School's outreach program. He is the first and only outreach student to graduate the school and continue into the San Francisco Ballet company. After seven years with SFB, Ikolo joined Dance Theatre of Harlem as a soloist and was later promoted to principal. He danced principal roles for two seasons at the Joffrey Ballet before returning home to San Francisco as a member of Smuin Ballet.

Ikolo has recently moved to the Northwest to join the faculty at PNB and is looking forward to meeting dancers from all the Seattle area.
